

NGUVU NATION FOUNDATION

ORGANIZATIONAL PROFILE

NGUVU is a Swahili word that means *strong*

Nguvu Nation is an organization directed towards uplifting, supporting and empowering young girls between the ages of 9-24 through equipping them with a variety of life skills, training, mentoring as well as educating and sensitizing them for sustainable living and development.

It was founded in 2023 by a group of energetic youth activists, who came together with the objective of improving and upgrading lives of young girls in Ugandan communities.

They also realized the necessity of this establishment as a means of contributing to development and meeting communities' needs which has been the driving force and motivation.

We aim at achieving sustainable results from developmental activities and initiatives to our communities, especially with the youth, young girls and single mothers.

VISION STATEMENT

our vision is to see young girls living in a hygienic, friendly and inclusive environment with access to basic education and life opportunities.

MISSION STATEMENT

Nguvu Nation is set out to uplift, support, empower and rewrite the narratives of young girls with purpose through community based advocacy programs, training like sanitation awareness, home energy installations, health care programs, women economic empowerment, eradication of gender based violence, vocational and agricultural training.

GOAL

our goal is to have an impact on the lives of young girls by providing positive and godly impact oriented, cost effective and culturally competent capacity building programs.

OBJECTIVES.

1. To eliminate gender inequalities in primary and secondary education by achieving equality in education, with ensuring girls' full and equal access to basic education, and free access to menstruation products.
2. Empower young girls to be financially independent through capacity building.
3. To strive for a gender violent free community safe for young girls.
4. To raise awareness, understanding and knowledge about sanitation and malaria prevention.
5. To make campaigns like go green through planting trees, using environmentally friendly products and install cost effective home energy.
